# What my couples are saying

"It exceeded our expectations. Absolutely fabulous."

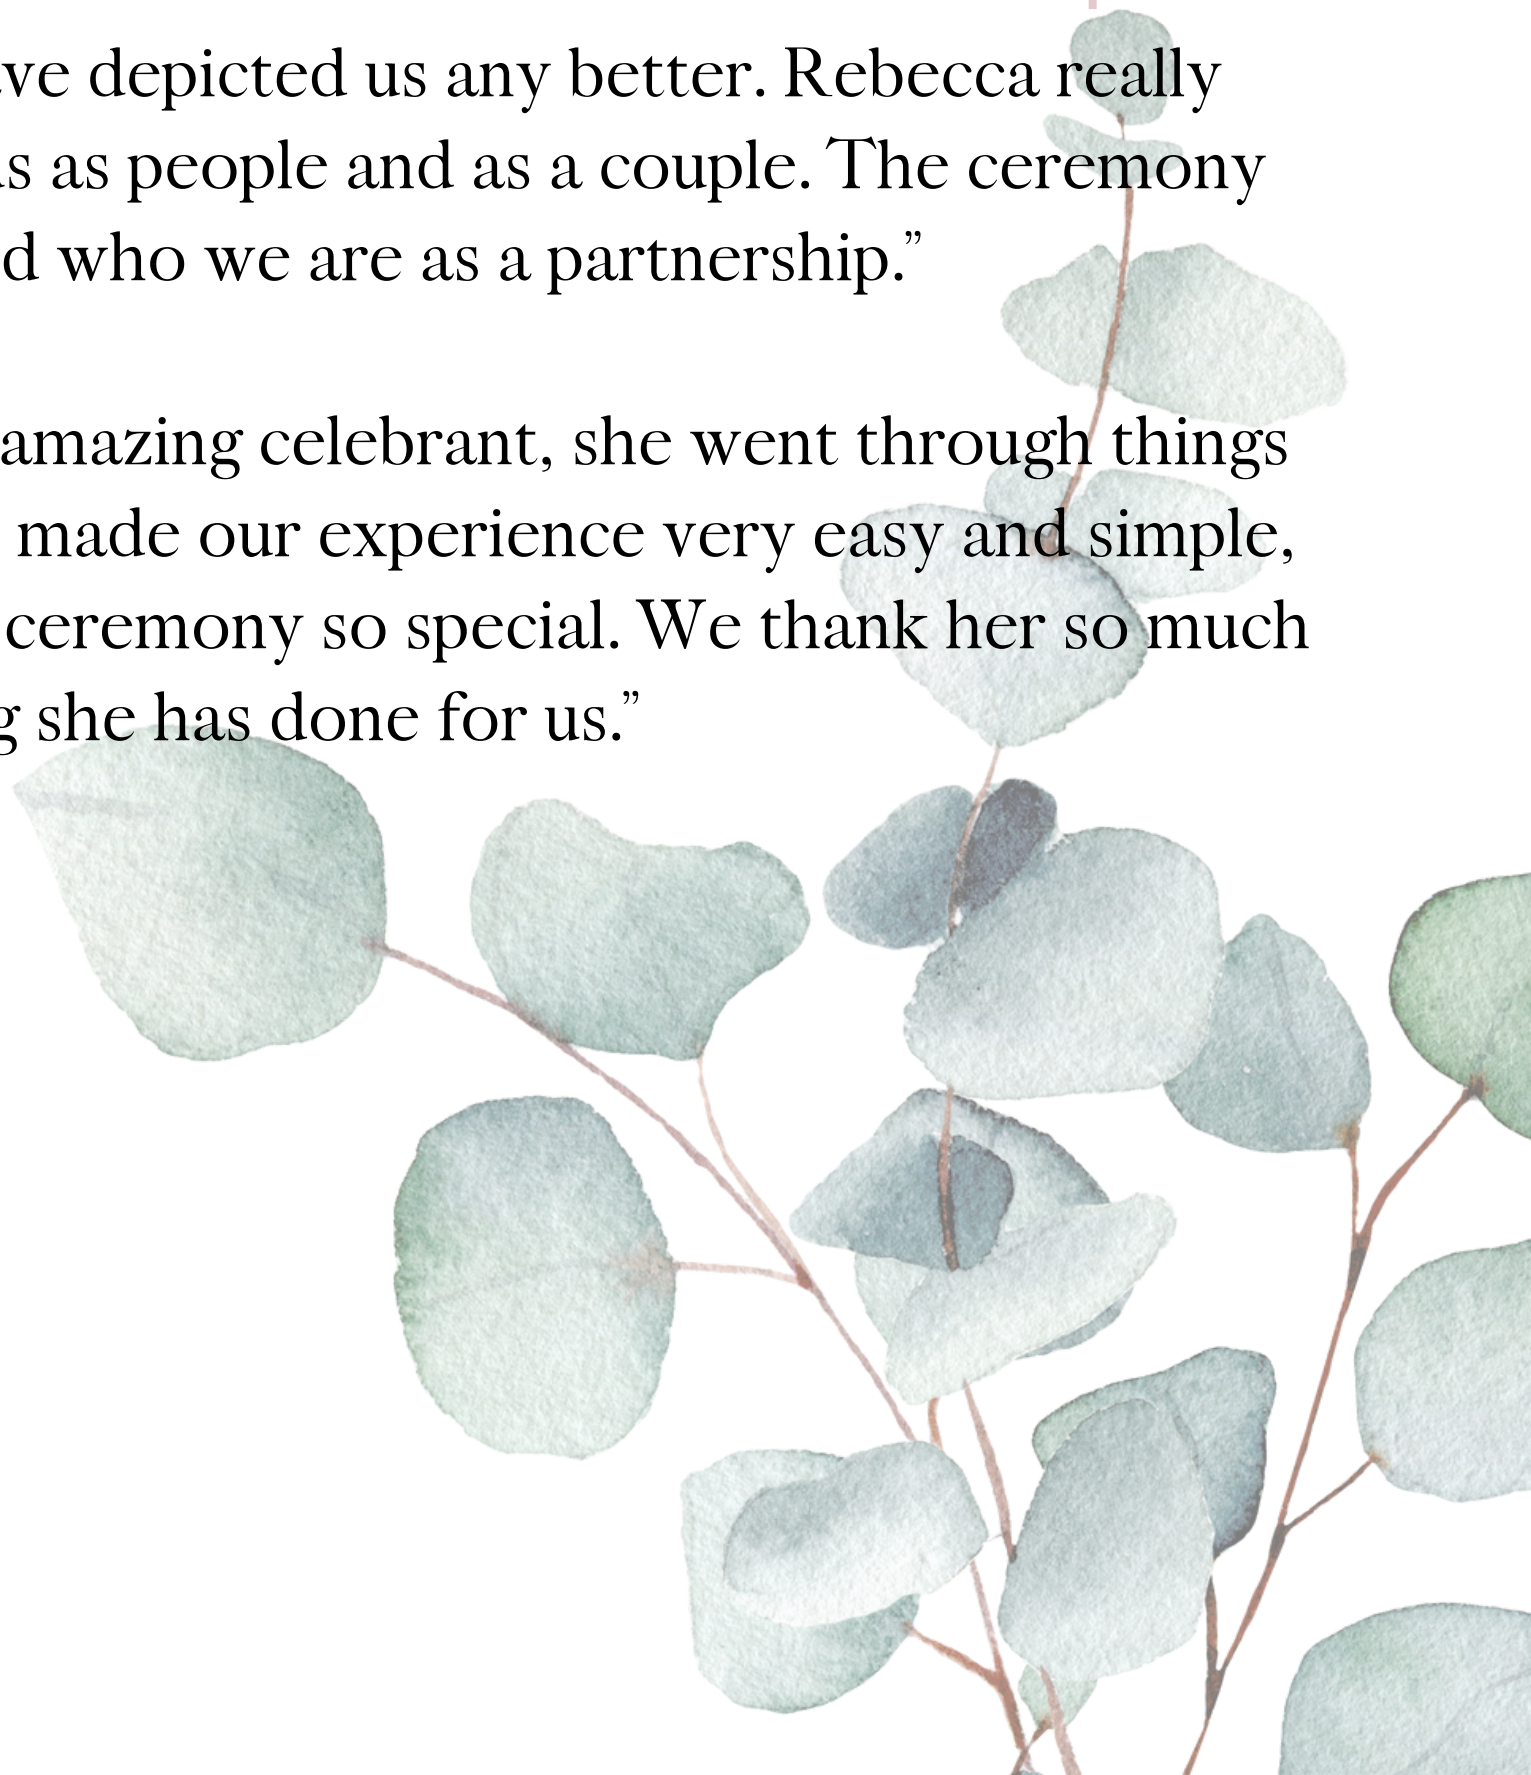

"Rebecca had us off, it felt like she knew us all our lives."

"We couldn't have gotten a better ceremony if we tried. Rebecca really brought meaningfulness to the word intimate. From start to finish she created a ceremony that was fully based on us and our children, without it getting boring. Involving the children in the ceremony made it all the better."

"It was much better than expected, we wanted something personal to us and this ticked every box. It completely allowed us to create the wedding we wanted and Rebecca did a superb job delivering the ceremony."

"It couldn't have depicted us any better. Rebecca really got to know us as people and as a couple. The ceremony really captured who we are as a partnership."

"Rebecca is a amazing celebrant, she went through things so clearly and made our experience very easy and simple, she made the ceremony so special. We thank her so much for everything she has done for us."

# Why Choose a Celebrant?

**Any venue:** your ceremony doesn't have to be a wedding-licenced venue or one pre-approved by a registrar.

**Any time:** A Celebrant-led ceremony can happen outside the hours usually kept to by a registrar, for example evenings and weekends.

**Write your own vows.**

**Include personalised rituals or symbols that mean something to you (like a sand ceremony or hand-tying).**

**Include personal readings by friends and family.**

**Mix religious and non-religious elements.**

**Indulge in a themed wedding of your choice and thread this theme through the ceremony and readings.**

**Make an entrance!** The format of the ceremony is up to you - walk down the aisle individually, together, with your best friend, or your children. Do this to your favourite rock song or a wedding march. The possibilities are up to you.

**A tailor-made ceremony written with your reflections and ideas running through it.**
