

The Celebrant

EXPERIENCE

CELEBRANCY BY REBECCA

A woman with blonde hair and bangs is shown from the chest up, looking down at a white script she is holding. She is wearing a dark, long-sleeved top. In the foreground, a lit candle in a glass holder is visible, casting a warm glow. The background is a plain, light-colored wall.

The celebrant experience is about creating a ceremony that reflects you as a couple, one that your guests can relate to, that includes rituals, readings, and your friends and family.

From the moment you say yes, we can begin co-creating the ceremony of your dreams, to include everything you want, leaving out the bits you don't want, and bringing everyone together from all denominations.

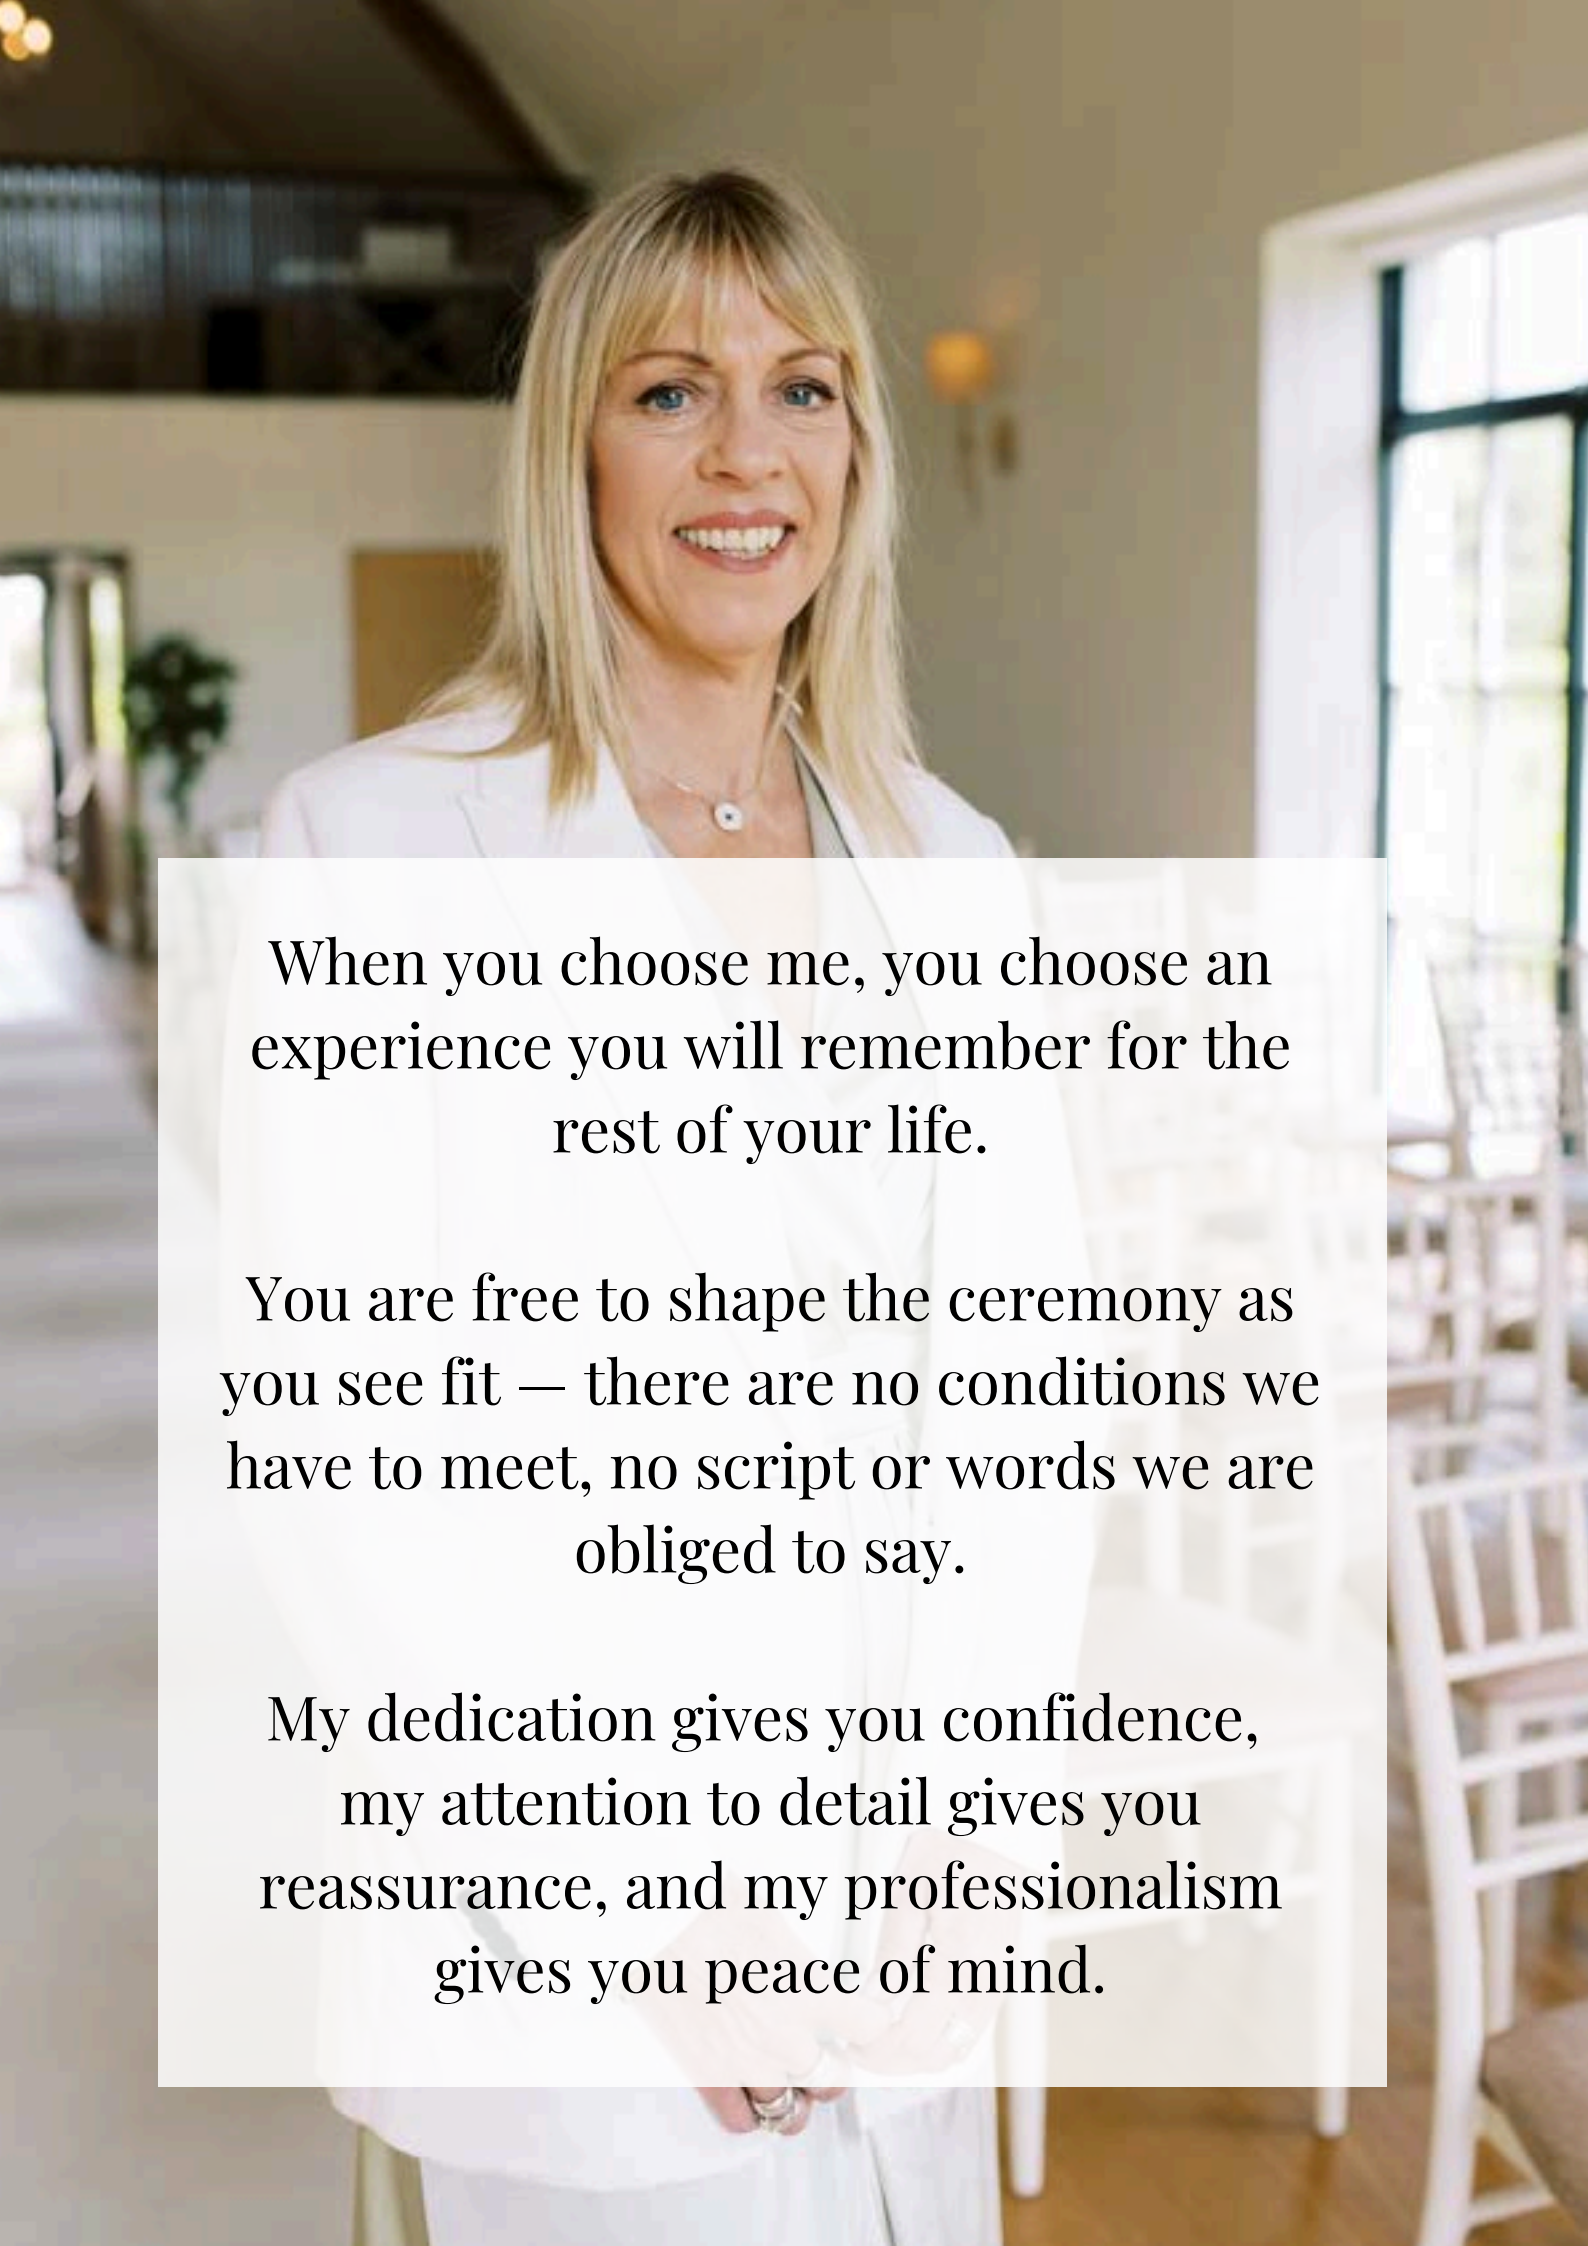

Your bespoke ceremony script is written by me after learning from you about the unique journey you have both taken to reach this special day.

The celebrant experience includes rituals and symbolic gestures that make it more than just a script:

Candle lighting
Handtying
Sand pouring
Memory box
And many more!

My signature ritual is performing the ancient Celtic tradition of tying the knot, otherwise known as handtying.

When you choose me, you choose an experience you will remember for the rest of your life.

You are free to shape the ceremony as you see fit — there are no conditions we have to meet, no script or words we are obliged to say.

My dedication gives you confidence, my attention to detail gives you reassurance, and my professionalism gives you peace of mind.

"We recently had the immense pleasure of having Rebecca as our wedding celebrant, and we could not have asked for a more beautiful and personal ceremony. From the very first meeting, Rebecca's warmth, professionalism, and genuine interest in our love story stood out.

We feel incredibly fortunate to have had her as our celebrant and would highly recommend her to any couple looking to have a memorable and meaningful wedding ceremony. Thank you, Rebecca, for making our special day unforgettable."
